## Projects

### Personal Portfolio

<https://github.com/taylordickens17/dickenst.github.io/blob/master/index.html>

- This is my personal webpage that I have made at Eleven Fifty Academy. It has an about me, projects that I have worked on, a fully functional navigation bar, and a form submission to contact me directly.

### Ghibli API

<https://github.com/taylordickens17/api-project>

- An api that displays all Ghibli movie titles and descriptions on a styled card.

### Book Review App

<https://td-client-zebookreviewapp2020.herokuapp.com/>

- An app that allows a user to signup and login with a username and password. The app has password encryption ( bcrypt ) and session validation ( jwt ). The app then allows the user to log, update, and delete a book that that user has read. On the homepage, that user can view what other users have read as well.
